

Mission Statement

The Association for Death Education and Counseling is a multidisciplinary professional organization dedicated to promoting excellence in death education, bereavement counseling, and care of the dying. Based on theory and quality research, ADEC provides information, support, and resources to its multicultural membership and, through them, to the public.

ADEC IS DEDICATED TO ...

- ◆ **Improving the quality of death education and death related counseling**
- ◆ **Promoting the interchange and development of related theory, research and clinical practice**
- ◆ **Providing support, stimulation and encouragement to death educators, caregivers, counselors, researchers and volunteers.**

Vision Statement

The Association for Death Education and Counseling envisions a world in which death, dying, grief, and bereavement are recognized as significant aspects of the human experience. Therefore, the Association, ever committed to being on the forefront of thanatology, will provide a home for diverse professionals to advance the body of knowledge and promote practical applications of theory in these areas.
